

# PITTSBURG

## The Great Coal Centre of Alberta

There will be 1000 men employed here within the year. The natural location for a mining town is at the mines. Pittsburg is surrounded by coal mines. It is the terminus of the railway lines to the mines. The property is offered to the public for the first time at prices which are within the reach of all. There are only 175 lots to be offered now, so if you want to be in on a good thing you must hurry.

### Prices==\$60, \$75 and \$100.

Terms 1-4 Cash; Balance \$5.00 per month.

#### TRYING TO COVER UP THEIR TRACKS

Opposition Trying to Obscure the Fact That Late Government Legislated Away Rights of Ontario.

Ottawa, April 23.—The Opposition surely reached the limit of inconsistency yesterday when they talked past the vicinal rights for seven hours for the purpose of obscuring the unobscurable fact that the late Conservative government most decisively and flagrantly extinguished such rights. The Hamilton Radial Railway company operate a street car system in Hamilton and a line to the town of Oakville, and applied to the Ontario government for a charter to build a line some two hundred miles in length from Hamilton through the Lake Erie country to the Detroit river. The measure received very, very casual support from some Liberal members, and was not backed by the government, and was finally withdrawn. On the other side it was noticed that Mr. E. B. Oiler, a director of the Canadian Pacific railway and member for Toronto was in his seat—the first time for months.

Whether or not the presence of Mr. Oiler had an animating effect on his friends or whether they took the tip from the bluster of Premier Whitney, they pointed on the Radial bill as an attempt to side-step the provincial legislature by seeking a charter from the federal parliament. For hours the atmosphere was charged with allusions of the exalted regard of Ontario patriots entertained for the rights and powers of the Provincial Legislature and of the undying hostility toward any and all infringement thereon by the National Parliament. The British North America Act, was read, with commentaries for the edification of those whose mentality could not digest the legal phraseology. Authorities were quoted and misquoted. Even the words of the noted deed were brought from their dusty tombs to clank more fully the line between the business of Canada and the privileges of the province, and the opposition speakers strained voice and vocabulary to convince the House that they stood on the constitutional pedestal with departed greatness.

Unfortunately for our Opposition friends they have a history and so has the Hamilton Radial Railway company. In the year of grace 1881 Sir Charles Tupper, then premier of Canada in which it was eventually provided that a railway company extended its line across the line of a company operating under a Dominion charter the Dominion charter the Hamilton Radial Railway company under the jurisdiction of the Dominion, and under that jurisdiction alone. Under this law in 1881 a

judge of the Supreme Court of Ontario declared in a judgment that the Hamilton Radial Railway company, having extended its line across that of the Grand Trunk Railway company thereby became amenable to Federal jurisdiction and to no other body.

Therefore, the Hamilton Radial company was entitled to appear before the Parliament of Canada for amendment or extension of its charter. It was entitled to do so because the legislation of Sir Charles Tupper had changed its status from that of a municipal or provincial concern to one under the control of the Dominion and of the Dominion alone; while if the Radial company were not entitled to ask for such powers from the Federal Parliament, the legislation of Sir Charles Tupper did not mean what it said and what the courts of Canada held it to mean. For the bill in which our Opposition friends found such cause of offence therefore they have only to thank their political ancestors—some of whom are the second in command of their forces today, and who even had the effrontery yesterday to join in an attack upon a measure which was given countenance because the government of which he was a member had legislated away the rights of Ontario.

**BRIBERY IN LONDON.**  
Unusual Case Up in Old London. Officials Charged With Accepting Bribes.

London, April 26.—The first trial in a long line of municipal officials for receiving bribes began today, when six members of the West Ham, an eastern suburb of London, Board of Guardians, and two workmen and an ordinary official, appeared in the dock of the criminal court charged with accepting money for awarding contracts for coal and other supplies and for appointing minor officials. The sums involved are comparatively small. It is charged for instance, that a doctor paid \$200 for a hospital appointment. Attorney-General Walton and three assistants are prosecuting the officials, who are defended by a large array of counsel.

**MINERS STILL ENTOMBED.**  
The Seven Unfortunate Fellows Imprisoned in Pennsylvania Mine.

Johnstown, Pa., April 26.—The seven men who were imprisoned by a rush of water in mine No. 36 of the Berwind-White Coal Company at Fossilwell on Friday are still entombed, although scores of measures have been working night and day in an effort to pump the water out and effect their release.

Old Weather in Southwestern States. Millions of acres, and with rain was the cause of the drought in the southwest with burning conditions. The drought has been the cause of the drought in the southwest.

#### REFUSED C.N.R. BRANCH CHARTERS

Opposition of Some Western Members to Allowing This Road to Extend. Put a Bill Out for the Present.

Ottawa, April 22.—The C.N.R. branch lines bill was modified in the railway committee this morning so radically that it lost all semblance of justification to the title. Really, the bill was fourfold in its purpose: First, to permit increase in C.N.R. bonds to the extent of \$5,000 per mile; second, to ratify the agreement with the G. T. P. for joint use of the C.N.R. Winnipeg terminals; third, to permit the company to build several branches in the west, and lastly to extend the time for beginning and completing certain lines for which charters are now held.

**Banding Clause Passed.**  
The first two provisions were passed, the money derived from the bond issue to be used for betterment and equipment; the latter two were dropped by the promoters, owing to opposition of members from Manitoba and eastern Saskatchewan that the company should be made to operate its present lines before building more.

**Interesting to Edmonton and Strathcona.**  
The branch lines clause was of considerable immediate interest to Edmonton and Strathcona, as among the branches proposed were one from Edmonton to the coast, one from Strathcona to Calgary and one from Strathcona to Pigeon Lake.

**MacIntyre's Protest.**  
Dr. MacIntyre brought up this phase of the question, and protested against penalizing the people of his constituency. The committee, he said, had been ready enough to provide eastern outlets and connection for the C.N.R. but were apparently quite as prepared to blockade the proposed outlet to the Pacific. The attitude of the C.N.R. was one of an aggravated form of the kind of service the C.P.R. had been giving the West for twenty-five years, and was more aggravated simply because their more traffic for the roads in Canada. During the winter of 1926-27 the C.N.R. branches in its own constituency had been completely for twenty-five years.

**Classes Dropped.**  
The schools were suspended, however, and the children of the C.N.R. were not allowed to attend school.

### "St. George's Baking Powder is good enough for me."

"What if I can make more profit on a powder that you say is just as good?"

"I have no use for those 'just as good' things. And I will not have 'cheap', impure baking powder in my store at any price."

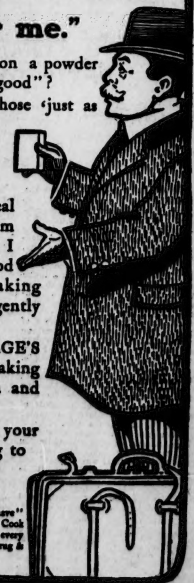

"No, sir! People, who deal here, expect me to protect them against doubtful goods. And I am not going to risk losing good customers by selling a Baking Powder that I can't intelligently recommend."

"I know that ST. GEORGE'S is a pure Cream of Tartar Baking Powder, it gives satisfaction and I'll stick to it."

"You are just wasting your time (and mine) trying to tell me anything else."

"Good morning!"

Are you ever at loss as to "what to have" for breakfast, luncheon, dinner or tea? Our Cook Book tells how to prepare two dishes for every meal. Sent free if you write the National Drug & Chemical Co. Limited, Montreal.

#### NOTICE.

Notice is hereby given that tenders will be received by the City Clerk of the City of Westminister, until the 10th day of May, for the drilling of an 8 inch and also a 10 inch well at a depth of 200 to 300 feet. The work to be proceeded with directly. Lowest or any tender not necessarily accepted. Information may be obtained from the Engineer.

**PARADES & CONCERTS.**  
The parade was cancelled, however, and the children of the C.N.R. were not allowed to attend school.

## TO INSTITUTE SEED CAMPAIGN

Among Farmers of West This Summer. Result of Conference of Government Experts

W. C. McKillop, of the seeds branch of the Department of Agriculture for the Dominion, and director of the seed laboratory at Calgary, in the city today. He came in from Winnipeg over the C.P.R. and says that the season is further advanced in Alberta than in Manitoba or Saskatchewan.

While in Winnipeg Mr. McKillop conferred with Mr. J. Bracken, of Winnipeg, and Harris McPherson, of Regina, with a view to instituting a pure seed campaign among the farmers of the west this summer.

Questioned as to the work of the seed laboratory in Calgary, Mr. McKillop said it was being enthusiastically patronized by the farmers of the province, mainly in having the vitality of their seed grain tested. To the present time over 700 samples of seed grain had been tested, and reported on for farmers.

This is the first time seed testing has been held by the Dominion Department of Agriculture outside the City of Ottawa. The tests are made for purity and vitality or germinating power of the seed.

Samples received for testing Jan. 25 to April 20, 1919:

|                 |     |     |    |
|-----------------|-----|-----|----|
| Wheat           | 483 | 5   | 47 |
| Oats            | 33  | 3   | 7  |
| Barley          | 33  | 3   | 7  |
| Rye             | 1   | 0   | 0  |
| Flax            | 1   | 0   | 0  |
| Peas and Beans  | 1   | 0   | 0  |
| Hay             | 1   | 0   | 0  |
| Timothy         | 7   | 48  | 1  |
| Other Grasses   | 15  | 3   | 17 |
| Alfalfa         | 1   | 17  | 0  |
| Red Clover      | 3   | 56  | 1  |
| Alaska Clover   | 1   | 30  | 1  |
| Other Clovers   | 1   | 30  | 1  |
| Vegetable Seeds | 62  | 0   | 0  |
| Totals          | 381 | 218 | 55 |

This makes a grand total of 652 samples. For the encouragement of pure seed it is planned to carry on a series of field experiments. To encourage the practice of growing seed for next year's crop separate from the main crop, using only the best of the previous year's seed, on the cleanest and best prepared land, allowing it to thoroughly ripen, and storing separately; to obtain pure grain, i.e., free from other varieties, the presence of which can be detected when the grain is being threshed; to encourage the use of seed from note the sowing of seed from clean, have proven their worth; to grow with bright, stiff straw; to encourage heavy yielding strains of various vigorous crops of uniform stand and careful and intelligent farming, and the production of grain free from weeds.

The awards will be made by judges selected and supplied by the seed branch of the Dominion. The following will be the scale used for judging:

Suitability of variety, 10 points.  
Freedom from weeds, 25 points.  
Freedom from other varieties and other kinds of grain, 20 points.  
Freedom from attack from smut, rust and insects, 15 points.  
Of vigorous growth, uniform in size of head, in stiffness of straw, in stage of ripeness, and giving a promise of a large yield, 30 points.

Each agricultural society may hold a competition either for wheat or oats.

Prizes amounting to at least \$100 shall be offered by each society holding a competition. Where only this amount is offered this shall be divided as follows: First prize, second prize, \$50; third prize, \$20, and fourth prize, \$10. Where a second prize is offered an additional prize may be offered for each \$25 added to the prize money.

Fields entered for competition shall consist of 10 acres in a block, and must be staked out or otherwise plainly separated previous to the judges' arrival.

Each competitor shall be allowed to make one entry only, and no one shall be allowed to enter more than one competition in one year.

At the conference it was decided to suggest to the various agricultural societies the desirability of having percentage of germination taken into consideration in the judging of seed. At the same time, and also of having a class at seed grain fairs for grain of a certain standing in the 10 acre field competitions. One of the great advantages of these competitions is the way in which the purity of seed can be seen in the large plot.

**MITCHELL OPERATED ON.**  
President of Coal Miners' Union Undergoes Successful Operation.

Spring Valley, Ill., April 20.—John Mitchell, national president of the United Mine Workers, was operated upon today for strangulated hernia. The operation was successful and no danger is anticipated.

**FURTHER AGRARIAN TROUBLES.**  
St. Petersburg, April 20.—Agrarian troubles are anticipated in the near future. The government of the provinces of Vyatka and Tambov and several other provinces have asked that Cossacks be quartered in the villages which are the centres of the agitation, as they fear the rural guards will sympathize with the peasants and refuse to suppress disorders.

**MONTREAL MILLIONAIRE ILL.**  
Montreal, April 20.—Word has been received of the critical condition in California of O. H. Ireland, president of the British American Bank, a well known millionaire, who went to California for his health last fall. He had just married Miss Beard, a nurse, who is with him.

## BEAUTIFICATION OF EDMONTON

Architect Todd's Plan the Subject of Interesting Address at Canadian Club Luncheon.

The last regular luncheon of the Edmonton Canadian club was held yesterday in the Frisco Arthur Cafe. His Worship Mayor Stephen presided. The program was an informal discussion upon the report submitted by Landscape Architect Todd, of Montreal, who was employed by the city council to prepare a comprehensive scheme for the beautification of the provincial capital.

Dr. Ferris opened the discussion. He endorsed the scheme submitted by Mr. Todd, and recommended that something be done to level up the street and close away the waste paper that was allowed to drift around and become a menace to safe driving.

Mr. Geo. Stockand referred to the beautification of Ottawa, and suggested that something might be obtained from the provincial government, but that every citizen should be loyal to the city to beautify his own home.

Mr. Todd, who was the subject of the council to procure the necessary funds for parks as well as to plan if they intended to carry out Mr. Todd's scheme. The more the plans were discussed, the higher the value prospective sellers put upon their property.

Ald. Walker proposed the formation of a horticultural society in the city to lead in the formation of a strong public sentiment.

Mr. Morris also spoke and endorsed the policy of making the city the most beautiful in Alberta. He said that the city of the petty vandalism that was rampant in the city. Often the horticultural society, as it brought all the enthusiasm to the city.

Mr. A. G. Harrison recommended that the road overgrown in the vicinity of Edmonton should be put to the road entering the city should be put into better shape.

Mr. J. M. Turnbull also spoke in terms of endorsement of what the other speakers had advanced. At the conclusion of the discussion the mayor suggested that steps be taken to form a horticultural society, and it was decided to call a meeting for that purpose, the date which will be announced later.

**MAIL CONTRACT.**  
Sealed Tenders, addressed to the Postmaster-General, will be received at Ottawa until noon, on Friday, the 24th of May, 1919, for the conveyance of His Majesty's Mails, on a proposed contract for four years, once per week each way, between proposed "Seba," Sec. 12, Tp. 53, R. 6, W. 5th E., and Wabamun, to be chosen at the pleasure of the Postmaster-General.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office Inspector and site of proposed "Seba," and at the office of the Post Office Inspector.

## McLELLAN IS NOW IN CONTROL

Of Tammy Hall, Boss Murphy  
Gracefully Accedes to the  
Mayor's Determination.

New York, April 22.—The end of the contest for control of Tammany Hall between Mayor McLehlan and Charles Murphy was announced today following a conference between Tammy D. Sullivan and Corporation Counsel William B. Ellison, the latter representing the mayor. After the conference, he said the mayor will be left free to appoint the highest class of men he can find for city offices, but that he (Ellison) will advise against the appointment of men inimical to the Democratic organization or its leaders.

### FIRST CONVOCATION OF THE UNIVERSITY OF ALBERTA.

The attention of all university graduates residing in the Province is directed to the University Act of 1909, providing for the establishment and incorporation of a University for the Province of Alberta. Special attention is drawn to Sections 8, 9 and 10 of the Act in question, which provides for the first convocation of the University.

Section 8 is as follows: "The first convocation of the University shall consist of all graduates of any university in His Majesty's Dominions who are Bachelors or Masters of Arts, Bachelors or Masters of Law or of Civil Law, Bachelors or Doctors of Medicine, Bachelors or Masters of Science, or Bachelors or Masters of Agriculture, and graduates of the Royal Military College of Canada, who are actually residing in the Province three months prior to the first election of the members of the Senate of the University, and who at least one month prior to the said election register themselves as members of such convocation in the office of the 'Provincial Secretary'."

Section 10 reads as follows: "A register shall be kept by the Provincial Secretary in which he shall enter the names of graduates who are entitled to be members of the first convocation upon their producing to him satisfactory proof of their qualification under Section 8, and upon due payment of the fee of \$2, and the entry upon the register of the name of any person shall be conclusive evidence that such person is a member of the Convocation and is entitled to vote as such."

A register for the enrolment of the members of the first convocation of the University of Alberta as above outlined is now open in the office of the Provincial Secretary where enrolment may be made at any time upon complying with the foregoing conditions. All applications for enrolment should be addressed to the Honourable The Provincial Secretary, Edmonton, Alberta.

### LACOMBE.

Potatoes are in demand in Lacombe this week at 25 cents per bushel.

Mr. Herman has been appointed town scavenger at \$100 per month. This amount will be raised by a special closet tax.

R. C. Webster has been appointed license inspector for the town.

The public works committee insist that it must spend \$2,000 on improvements to streets this year.

A stock company is being formed to finance a brickyard here.

At the next meeting of the council a by-law will be introduced to tax real estate again.

### ANNOUNCEMENT.

Westward Ho! Chapter of the Daughters of the Empire will hold their regular meeting at the residence of Mr. Taylor, Fourth street, on Wednesday afternoon at half past three.

Mrs. Clarence A. Mitchell will not receive on Wednesday, nor again this season.

### SOCIAL.

## SOUTH AFRICA IS A GREAT MARKET

For Canadian Manufacturers—  
What W. T. R. Preston Says  
of Conditions There.

### Associated Press Dispatch.

London, April 22.—W. T. R. Preston, interviewed by a reporter of a Cape Town newspaper, said that after careful studying of the conditions in South Africa, he had come to the conclusion that the market was well worth exploiting on an extensive scale. If the Canadian merchants and manufacturers will take advantage of the opportunities now offered and which will undoubtedly be accentuated in the near future and not allow competition for in the United States and European countries to get a start, there is no reason why there should not be an enormous development of a Canadian trade throughout the British possessions in South Africa.

### FLOATING STONE LAKE.

Stone still lingers in the bush and on the north hill side. The ducks are returning. They have been seen on the shore since Mr. Vincent Smith went to Island Lake on Friday after his cattle, returning with them on Sunday morning.

Mr. Tompkins and Mr. Niblock were in Floating Stone Sunday, visiting Mr. Thomas McCallough. Mr. Tompkins and Niblock are running the saw mill at the Beaver now.

Our Indian friends tell us that about twenty-one years ago, just such a winter and spring as this, and the ensuing summer brought four abundant crops.

Fred Foinier and family have moved to Strathcona for the summer. Mr. Wm. Waters raised about four hundred bushels of potatoes last season and he is now selling them at four bushels per bushel.

Mr. Taylor and his son Howard of Seattle have taken claim at Island Lake.

Mr. Charles Leonard has thrown up his claim at the Vermilion.

### BRITISH HAGUE DELEGATION COMPLETE.

London, April 22.—With the appointment of Lieut.-General Sir Edward Roche, K.C.B., military member of the governor general's council in India as military expert, Captain Langdale Ostry, director of naval intelligence, as a naval expert, and a large staff of attaches, included among them in Lieut. Col. Henry Yarde Buller, military attaché to the Northern European courts, the British delegation to the peace conference at The Hague is now complete.

### DUTCH TROOPS SURPRISE REBEL BAND.

The Hague, April 22.—An official dispatch from Celebes islands says the Dutch troops today surprised a rebel band at Akassa and that the chief of the tribesmen and fourteen of his followers were killed.

### One Killed, 30 Injured in Explosion.

Cettinie, April 22.—One person was killed and thirty persons seriously injured Sunday night by an explosion of dynamite at the Harbor works at Antwerp, on the Atlantic. The buildings surrounding the harbor works were badly damaged and the telegraph lines were wrecked.

### NAVIGATION OPEN.

Port William, April 22.—Navigation is open. Six boats reached this port tonight. The first boat was the first to dock. The captain, Mr. Featherstone, said the ice was given a wide berth by the board of trade, according to annual custom. There is a bay open ahead for the lake fleet, there being a great deal of grain and merchandise awaiting shipment.

### TOO LATE TO CLASSIFY.

# COMMITTED FOR TRIAL

(Continued from Page 1.)

By the microscope and chemical tests which I made I arrived at the conclusion that the stains were blood. From the tests which I made I could not tell whether the stains were of human blood or not.

To Mr. Robertson: "All blood would show the positive reaction such as I have described in the tests that I made. I am now a dental surgeon and attended a dental college in Philadelphia. I was an assistant coronial analyst in Australia. I made a test of human blood in a murder case once before, where the evidence was used. There are also other tests for blood.

Last Night's Session. Chief Evans (recalled): "After the body of Wood had been discovered we boarded up the door and locked up the place. We got the key to lock it. I made a search on the 5th and went again in the afternoon of the 12th night for the detection. We searched all the beds and in the northeast corner bed found a piece of iron, a stove shaker with blood on it. There was a heavy quilt and the iron was under the quilt towards the head of the bed. The witness here produced the iron shaker a foot long, flat and varying from an inch to an inch and a half in width and about half an inch in thickness; a broken-backed, blood stained chair, copies of the Bulletin and the Journal of April 21, a hip pad, a cap out of which three pieces had been cut for the purpose of analysis.

The chief, continuing, described the positions in which each of these articles had been found and said there was blood on the floor, on the chair near where the head was resting. To Mr. Robertson: "These are all the articles taken from the shack that I know of. I think Sgt. Tibbary was at the shack between the 5th and the 12th, when I found the iron shaker. I was with him at the time. Griffiths was also at the shack between these dates.

The last up on the shack that I know of, which has been going on, was the Journal of April 21, a hip pad, a cap out of which three pieces had been cut for the purpose of analysis. The chief, continuing, described the positions in which each of these articles had been found and said there was blood on the floor, on the chair near where the head was resting.

To Mr. Robertson: "I did not let the undertaker to burn the rest of the clothes. He said they had a bad odor and I said to do with them whatever he wanted. The shack was padlocked on the 13th and prior to that it was only locked by an ordinary key. I handed the steel to the expert on the day I found it. The shaker is in the common one as it is broken. I am quite sure the water, both in the basin and in the pail, was clear. I was told to take these articles to the expert Mr. Coward.

Court then adjourned till this morning at 10.30.

## BIG LEAGUE BASEBALL.

Cleveland.-St. Louis and Chicago-Detroit games postponed; rain.

## CALGARY LOSER OPEANER.

The Calgary Western Canada league team opened the training season at Dorchester, Mass., on Saturday, and got decidedly the worst of the argument, losing the contest by 10-3. Calgary worked out three of their crack writers, Cobb, McConnell and Averhill, but the former was the only one who could hold the winners down. For three innings he only allowed one tally. In the three innings McConnell was in charge six counters were stolen and three were secured off Averhill. Calgary only registered once up till the final innings, when two more were scored.

Manager Shyne is afraid his noble thirteen are not strong enough for the Alberta league, and he is hot-foot after some of the Eastern and New England league cast-offs. Calgary plays at Portland, Me., today and tomorrow.

## Regular to Lose to the Yanks.

Norfolk, Va., April 26.—The first international boat race between the crews of the warships in Hampton Roads off the James Exposition grounds, was rowed to-day between boat crews from the British armored cruiser Northumbria and the American battleship Alabama and the Virginia. The Britishers were left far behind after holding the lead for the first hundred yards, and the Alabama skied away from the Virginia crew by a scant ten yards after a bow-and-bow struggle over the mile course.

The Bell Telephone Co. will establish an exchange at Nanton if establishment are obtained. The census of Nanton will show a population of about 550 within the village limits, or possibly a few more.

## The Alberta Granite, Marble and Stone Co.

Will be opened by May 1st to do all kinds of MONUMENTS, HEAD STONES, CAPING, CANDY SLAB, IMPOSING STONES, and COUNTER TOPS.

Prices quoted for All Classes Stone and Marble Work.

Works: Corner First Street and Peace Avenue, Edmonton.

# STRATHCONA CORNER STONE LAID YESTERDAY

Appropriate Services in Strathcona Yesterday in Connection With New Presbyterian Church.

Presbyterianism in Strathcona was strongly in evidence yesterday afternoon. The occasion of this demonstration was the laying of the corner stone of the new Knox church, which is in course of erection close beside the old building.

Owing to the absence of the pastor, Rev. D. Flemming, the duty of presiding at this important event fell to the lot of Rev. Dr. Macdonald.

Promptly at 2 o'clock, in the presence of a large and deeply interested gathering of spectators, the proceedings began with devotional exercises. To Rev. Dr. Macdonald, superintendent of the mission fields of the North-West, was given the honor of performing the chief function of the day, a task which he performed with the utmost dignity and dispatch.

The corner stone having been well and truly laid, the superintendent was followed in exceedingly appropriate addresses by Mr. J. D. Macdonald, premier of Alberta; Rev. George, Johnston, Alexander, Hoyer and others.

Rev. Dr. McQueen, of Edmonton, who in earlier days was so intimately connected with the affairs of the Strathcona congregation, gave an historical resume of the church's progress since its inception. His sermon, which was a list of the names of the members of the congregation, was a list of the names of the members of the congregation, was a list of the names of the members of the congregation.

## COUNCIL MEETING POSTPONED.

The Strathcona city council meeting for this evening has been postponed until tomorrow night owing to the reception at Government House this evening.

## LOCALS.

Sacrament of the Lord's Supper will be celebrated at the Knox church on Sunday.

Mr. F. W. Kerr, who preached very acceptably in Knox church on Sunday evening, was warmly greeted by numerous friends. All were delighted to see him once more in their midst.

The delegates from the different unions of the city to the Trades and Labor Council had a reunion smother in their hall last night. Secretary Kenny presided, and songs, speeches and stories were contributed by many of those present. Among the good things on the program were the allocutionary numbers by Mr. Wadsworth, of the Painters' union, and the opening address by the chairman. Refreshments were served before the meeting adjourned and all thoroughly enjoyed the session.

WE WILL clean your carpet, wall paper, paint, windows and basements, as well as scrub your floors at 100 Jasper ave. S. K. Donohoe.

WANTED.—To purchase or hire for the fair, a large manure or tent. P. O. Box 218.

## TENDERS.

Are invited for the building of a fire hall, to be sent to the undersigned on or before Thursday, the 1st inst.

The plans and specifications may be seen at the office of the architect.

The lowest or any tender will not necessarily be accepted.

JOHN S. LINER, Architect.

## American Canadian Oil Co.

248 JASPER AVENUE, EDMONTON

BUDGET OF NEWS  
FROM THE NORTH

Atabasca Landing's Many Business Establishments. Expeditions Fitting out for North.

The weather here is still cold with raw northwest winds, and the river shows very little signs of breaking up. Boats are now slowly made up. The ice will not melt till May 1st. The boat yards are now preparing a very active appearance, as there are over 40 boats on way of construction, and this is not half of what will be required this season to move the large quantities of merchandise which will be sent to the Mackenzie District this year.

Count Von Hammerstein's party of oil prospectors are now making arrangements for forwarding their supplies down to their oil fields at Fort McMurray.

Captain Fraser of Chipewyan arrived by stage to supervise the preparation of his transport down as far as Chipewyan, where he does extensive fur-trading business.

Alberta Mill of the Hudson's Bay Company also arrived by stage to arrange for boats to transport the machinery of the new S. B. Co. steamer which will be built at Fort Smith this summer. As this machinery is very heavy, it will require extra strong and large boats to transport it down to Grand Rapids.

The boys of the village are doing some hard work in the ice fields, as it is their intention to go to Edmonton on the first of July where they feel quite confident they can make things interesting for the capital boys.

The R. W. M. P. have had a very busy time in the last few days, as they have been looking after law-breakers.

There has been two arrests lately during the last three days—Ossie Cardinal of Lake Bienville, who has been arrested for stealing goods out of stores here.

The Methodist Mission is about to hold a church bazaar, looking after Mr. Hopkins is now at the Landing. He is now holding his services in the schoolhouse until such time as they can get a church built. This will give the Landing the benefit of three churches, the Catholic, Church of England and the Methodist.

For its size, Atabasca Landing is one of the busiest villages of the West. It is the key to the North. There are four up-to-date general stores, two hotels, one "diner to sell", one wholesale liquor store doing a big business. There is a blacksmith shop, barber shop, butcher shop, two billiard-rooms, several boat-building establishments, piano tuner and planing mill.

There is a good public school. Religious services are conducted each Sunday by the Catholic, Church of England and the Methodist.

The Hudson's Bay Co. holds one square mile of land, every lot of which has for some time been withdrawn from the market. The general opinion being that the company will offer the railway company a station site, etc., and then be in a position to survey the remainder to better advantage.

There is good homestead land quite near the village, several of the nearest quarters have already been taken up, those holding them being well satisfied with their claim.

The stage operating between Edmonton and the Landing is quite an extensive outfit. Two or three times a week conveyances, being required to carry the mail, baggage and passengers. The round trip is made once per week, the day journey, has good stable accommodation for 20 horses. Here also there are horses are in readiness for the second day journey.

Mr. H. Kennedy is the jovial stage proprietor. He drives a body. There is a street selling among the citizens, however, that the mail should come twice per week as it could be done with very little extra expense.

High on the river stands the steamer "Midnight Sun", which is the operating of navigation. The citizens are just now looking forward to this event, as there is sometimes a flood and great excitement the day the ice breaks up on the river. The Atabasca is navigable for about 270 one York boat, and miles.

Already about 40 batboats, 40x18, one York boat, and this is the dredge are being built, but this is the beginning of operations.

With the coming of the railway, Atabasca Landing promises to be one of the important cities of the north.

DEATH OF OLD TIMER.

Win. Plazan, Farmer, near Prince Albert, Passes Away.

Prince Albert, Sask., April 25.—One of the best known old timers in the district passed away yesterday in the person of William Plazan. Mr. Plazan was born in Toronto in 1847, was in the employ of the E. B. Elder Co. in the lumbering business for 20 years, and was a member of the Northwest Assembly as an Independent, but was defeated in 1892.

Several years the deceased had resided in the city and a few weeks ago when failing health made his resignation necessary.

MADE THE OPEN WATER.

Ice Breaker Out Through the Ice at Port Arthur, April 25.—The ice-breaker "Whelan" succeeded in breaking the open water yesterday about 30 miles out, and there is a fleet of seven steamers waiting to get in. This morning, headed by the "Whelan" and followed by the "Hull", at point half side of Thunder Cape. It will be necessary possibly that the channel should be cut wider, but this will not be difficult to accomplish, and it now looks as though the fleet will make port this evening or through the night some time.

LETHBRIDGE'S  
CELEBRATION

Of its Natal Day on May 9th, Will be a Monster Event. City's Enterprise.

Lethbridge, April 25.—The program for the Natal Day celebration of the City of Lethbridge on May 9th has been finally matured, and the prospects are that the event will eclipse all previous ones in the province. The appropriations have been made for the various sub-committees, including a handsome sum for prizes for the best features of the parade, and the provision for a monster exhibition of pyrotechnics in the evening. The city, of course, bears the expense of the entire celebration, including the full expense of visiting bands and athletic teams. It is now probable that a large banquet at which the notable people of the province will be successfully arranged for, and that the largest floor space in southern Alberta will be secured for banquet purposes.

The program, as finally arranged, gives nearly the whole morning to the parade, which in its various features will illustrate the progress of Lethbridge, and the district of which it is the geographical and commercial centre. Among the various divisions of the parade are the three bands, the Lethbridge cadets, a band of mounted Indians, the school choir, a fire brigade, a mercantile section of large proportions, and a trade section which will include every organized trade in the city.

The afternoon attractions will be the games on the public square, the football match between the Moosehead and Lethbridge, and either Cold Creek or Pincher Creek, and a lacrosse match between Lethbridge and either Medicine Hat or High River are also on the card.

The most important feature in many respects the best of the day, the fireworks display, will be the fireworks display, while the fireworks display is in progress. The closing feature will be the fireworks display.

It is likely that special railway arrangements will be made to convey the hosts of visitors from all points between Cranbrook and Medicine Hat and west and south. The accommodation committee is making ample arrangements for taking care of the visitors.

MOONEY'S PERFECTION Cream Sodas

From the Ovens to You

We bridge distance with our moisture-proof, dust-proof packages. Half-fax and Vancouver are brought to the ovens' doors. Farms and small towns are put on the same plane with the big cities.

## From One Day To The Other

The 'E'en Brings A' Home.

"Upon the hills the wind is sharp and cold. The sweet young grasses wither on the world. And we, O Lord, have wandered from Thy path. But evening brings us home."

"Among the mistle we stumbled, and the rocks. Where the birch lichen whiten, and the fox. Watches the stranger from the acclimated flock. But evening brings us home."

—Sir John Beaton.

Gasper Whitney's Helpful Thoughts.

In a late number of the wholesome Outlook Magazine its editor is moved to a musing mood by a memory of Maurice Maeterlinck's exquisite supposition that—'even man there come noble thoughts that pass across his mind like a great white bird.' And he reasons out from this somewhat of the rate potentiality for good in man, who from thinking good thoughts is moved to find deeds. Then straightaway he gives his readers the benefit of some helpful hints of his own. They run in manly fashion thus: Learn to say no to yourself with a big 'N'. Play hard when you play; and play fair. Don't bet; it takes the edge off the fun. Watch the faces of the women at the next bridge play you witness. If a game does not give you enough fun on its own account, look for one that does. Don't gamble; it is a mighty poor investment; you never get your money's worth. Play hard for all your contests; your percentage of wins will then be higher.

Play in which the loser has no share in the benefit is poor play. Never kill beyond your actual camp needs—and never kill time. The game which requires the incentive of money (betting) is one for the losing man, not for sportsman. If you cannot play the game get out of it. If you cannot speak kindly of your competitors, hold your peace. It is better to lose through the other fellow's cheating than to win by his dishonest methods. Don't throw mud; some of it is sure to get on the wrong person; besides—look at your own fingers.

Something Concerning Wedding Gifts.

What is to be said may not apply as forcibly to Edmonton as many larger cities, but it still has its application. Selecting wedding presents is not considered an aviable occupation either east or west. And it is often approached gravely. There is something in the saying of a bride last year in the East who exclaimed after a doleful survey of duplicated and quadrupled bowls and dishes: "I know it's mean on my part and I am ashamed—but why can't people put a little thought into the things they give?"

"It seems as though the average giver of wedding presents simply lays out a certain sum and says: 'I've said a certain sum and I am going to buy the biggest thing I can find for that money, and I don't care what it is.'"

The bride's complaint was an inveterate protest against the soullessness of many of the gifts. She would, as most brides would, have preferred less costly things that would reflect in some little way either the character of the giver or recipient. Just as with gifts on any other occasion, it is those that carry evidence of sympathetic thought which are most appreciated. The mere outlay of money is not the end to be attained.

Vancouver Doctor's Romance.

New York, April 26.—After keeping her marriage with Dr. H. S. Ford, Vancouver, a secret for nearly four months, Miss Georgia W. McMartin, who has lived with her grandmother since she was sixteen months old, started on her honeymoon a week ago. She met Dr. Ford at a social affair 18 years ago. Relatives objected to her marriage. She do not remember 1910, they went to the Church of the Transfiguration and were married by Dr. Houghton. Dr. Ford went to Vancouver after the ceremony and the bride returned home. Dr. Ford returned here a week ago. Miss McMartin disappeared about the same time. Somebody told the grandmother she was married and the books of the Church of the Transfiguration showed the record.

ANNOUNCEMENT.

Mrs. M. J. Macleod, First street, will not receive again until the first Wednesday in June.

## SOCIAL.

Mrs. M. J. Macleod, accompanied by her sister-in-law, Miss Macleod, will leave for Calgary next week to attend the Military Ball, and will return home about the end of this week.

Hon. Francis and Mrs. McNaughton, who have been in Ottawa visiting Mrs. McNaughton's mother, Lady Ritchie, return this week to their home near Calgary.

Hon. Charles Fisher and his bride have returned from their honeymoon trip to their home at Cochrane.

Mrs. Blaylock, of Calgary, spent the weekend with her sister, Mrs. A. R. Hamilton, at Updown Villa. It is hoped that Mrs. Blaylock will return shortly and make a more lengthy stay in Edmonton.

Chief Justice Dubeau, of Manitoba, Mrs. Dubeau and the Misses Dubeau have arrived in Montreal after a month's trip to Europe, and will return to Winnipeg this week.

The military ball given in Calgary last week by the 13th Light Horse was a brilliant affair, and one of the social successes of the after-Loos season. The list of guests included from Edmonton included the Lieutenant Governor and Mrs. Bulyea, Mrs. and Mrs. Augustus Noel, Mr. and Mrs. M. J. Macleod and Miss Macleod.

Mrs. Farquharson was the hostess at a bright little luncheon on Saturday afternoon, when the honors of the pretty tea-room were done by Mrs. Fredrick L. Harris, assisted by Mrs. St. George Gray, Miss Minnie Perkins and Miss H. Harris. The hostess was attractively gown in black and white with sequined chiffon trimmings. Among the guests present were Mrs. Biddell, Mrs. Charlesworth, Mrs. Wallbridge, Mrs. Harcourt, Mrs. Macfarlane, Mrs. Brathwaite, Mrs. Marshall, Mrs. Blouet, Mrs. Perkins, Mrs. A. B. Macleod, Mrs. Williams, Mrs. George Stockland, Miss Morfin (Willing), Miss Tilly, Miss Nelson.

A CALGARY WEDDING.

The marriage took place at Calgary last week of Miss Georgie Clarke, daughter of Mr. and Mrs. C. W. Clarke of Calgary, to Mr. Chester W. Marshall, manager for the Cushing Brothers at Regina. Rev. Mr. Kerby officiated. The house was decorated with a profusion of lilies, roses and palms. The bride looked very charming in gown of white chiffon over tulle with delicate Brussels lace trimmings, and wore an elaborate of pearls, the gift of the groom. She was attended by Mrs. M. White and the Misses Marshall.
